ABOUT ME

I was born and grew up in Taiwan. I love classical music and began violin study since 6 years old. Also, I have joined the Taipei civic symphony orchestra for 9 years since my freshman year in college.

I really enjoy designing the page, making the page from 0 to functional brings me a sense of accomplishment, and that's why I am really interested in frontend work.

WEB DEVELOPMENT PROJECTS

Freshout (Team role: front-end + back-end)

🔗 <http://www.freshout.world/>

The app can easily show what food the user has in their fridge, and the app also can inform users of the expiration date to prevent the waste of food.

// Ruby on Rails, HTML, CSS, Javascript, API

Farm-bnb (Team role: front-end)

🔗 <https://farm-bnb.herokuapp.com/>

Users can book the animals on the website when they need help from animals working for their farm.
